

MAKING SENSE OF LABOUR MARKET INFORMATION (LMI)

Webinar series for service providers
Introductory Session

FAR NORTHEAST TRAINING BOARD (FNETB)
your Local Employment Planning Council

COMMISSION DE FORMATION DU NORD-EST (CFNE)
votre Conseil Local de Planification de l'Emploi

FALL 2020

OUR GOAL TODAY

LMI webinar series:

Why? Who? What? How? When?

Why are these sessions are being offered?

Who should attend?

What will we be looking at? How?

When?

At the end of this session, you will be able to identify if you and/or members of your organization could benefit from attending any or all of the different sessions.

W

To support evidence-based planning to ensure that the development and implementation of programs/services/interventions is informed by the most current, relevant and reliable LMI (evidence).

H

- Using evidence and local knowledge, collectively identify:
 - local labour market demand challenges and opportunities
 - local labour market supply challenges and opportunities
- Look at how/if local programs and services align with those challenges and opportunities.

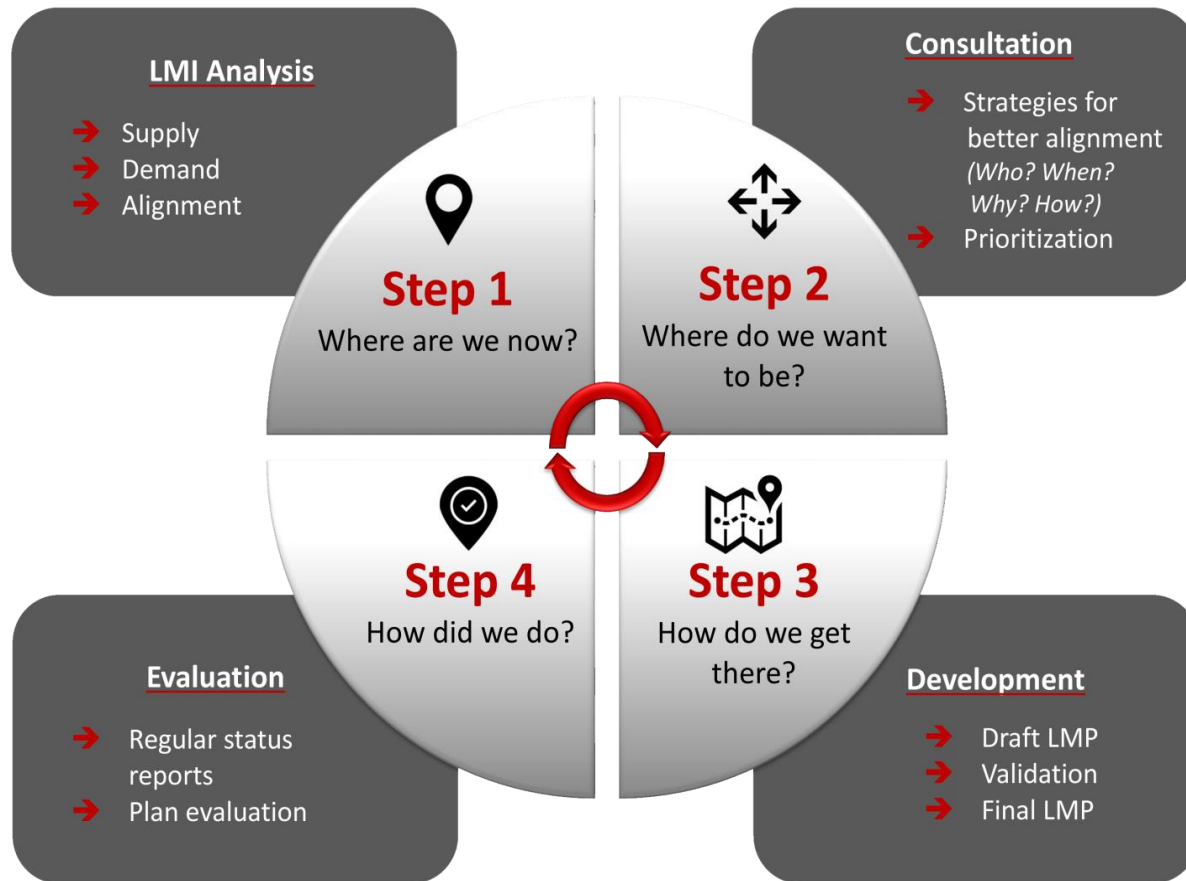

Y

?

FAR NORTHEAST TRAINING BOARD (FNETB)

Local labour Market Planning Framework

- Local labour market information is easily and readily available and used to inform local labour market planning decisions.
- Education, training, and employment programs are aligned with local labour market needs.
- Employers have access to the workers that they need.
- The local workforce is diverse and inclusive.
- The delivery of employment and training programs and services is coordinated and seamless.

WHO SHOULD ATTEND?

- Employment/Guidance Counsellors
- Job Developers
- Employment and Training Program Consultants/Managers
- Educators and Trainers
- Community leaders and stakeholders
- Anyone interested in finding out about and discussing local labour market priorities.

WHAT?

We will look at labour market demand and supply indicators using a variety of sources:

- Statistics Canada, Labour Force Survey
- Statistics Canada, Canadian Business Counts
- Statistics Canada, Census and National Household Survey Data
- Statistics Canada, Small Area and Administrative Data Division (Tax Filer)
- Ontario Open Data
- Local Knowledge (Local Labour Market)
- Forecast 2016-2036, local employer surveys
- Job postings (jobsin, Viscinity jobs)
- EO program data

INDICATORS:

1. Number of Employers
2. Employment by Industry
3. Employment by Occupation
4. Population
5. Migration
6. Education
7. Labour Force Participation
8. Income

OTHER DATA:

6. School enrolments
7. EO program uptake
8. Local job postings
9. Local employers input
