# ?

To support evidence-based planning to ensure that the development and implementation of programs/services/interventions is informed by the most current, relevant and reliable LMI (evidence).

- Using evidence and local knowledge, collectively identify:
  - local labour market demand challenges and opportunities
  - local labour market supply challenges and opportunities
- Look at how/if local programs and services align with those challenges and opportunities.

# FAR NORTHEAST TRAINING BOARD (FNETB)

## Local labour Market Planning Framework

- Local labour market information is easily and readily available and used to inform local labour market planning decisions.
- Education, training, and employment programs are aligned with local labour market needs.
- Employers have access to the workers that they need.
- The local workforce is diverse and inclusive.
- The delivery of employment and training programs and services is coordinated and seamless.

### PART 4

## Using LMI to Inform Planning

Aligning demand and supply

# WHAT?

**We will look at labour market demand and supply indicators using a variety of sources:**

- Statistics Canada, Labour Force Survey
- Statistics Canada, Canadian Business Counts
- Statistics Canada, Census and National Household Survey Data
- Statistics Canada, Small Area and Administrative Data Division (Tax Filer)
- Ontario Open Data
- Local Knowledge (Local Labour Market)
- Forecast 2016-2036, local employer surveys
- Job postings (jobsin, Viscinity jobs)
- EO program data

## INDICATORS:

1. Number of Employers
2. Employment by Industry
3. Employment by Occupation
4. Population
5. Migration
6. Education
7. Labour Force Participation
8. Income

## OTHER DATA:

6. School enrolments
7. EO program uptake
8. Local job postings
9. Local employers input

**63.8%** of those businesses  
had no employees
