TIMMINS

Local Labour Market Planning Meeting

November 2024

What We Do

Labour Market Information

Collect, analyze and disseminate labour market information to highlight key local labour market conditions, opportunities and priorities.

Partnerships

Develop partnerships with community organizations and businesses, to identify and implement actions to address local labour market issues of common interest.

Planning

Facilitate service coordination and planning to assist employment, training and other related programs service providers in their decision making and planning.

FAR NORTHEAST TRAINING BOARD (FNETB)
your local labour market planning network

COMMISSION DE FORMATION DU NORD-EST (CFNE)
votre réseau local de planification du marché du travail

GOAL: Provide data and information to help inform plans aimed at addressing local labour market needs.

AGENDA

Introduction

Occupations in highest demand

Who we have, or not to meet that demand

Observations/Discussion

Source: Statistics Canada Customized Census data (2021)

Note to readers:

Statistics Canada data indicate that in 2024 the average retirement age in Canada is 64.6. The forecast therefore uses 65 as a benchmark.

TOP 5 – TIMMINS (2021-2031)

- Transport truck drivers
- Underground production and development miners
- Retail salespersons
- Light duty cleaners
- Heavy equipment operators

TOP 5 – FNETB REGION (2021-2031)

- Transport truck drivers
- Heavy equipment operators
- Light duty cleaners
- Retail and wholesale trade managers
- Bus drivers and other transit operators

* *Timmins Region* – refers to the area serviced by the Venture Centre: Timmins, Gogama, Foleyet, Mattagami First Nation, Shining Tree and Biscotasing.

Education

Highest demand:

- Teachers
- Early childhood educators
- Educational assistants
- HR and finance staff
- IT technicians.

Forestry

Highest demand:

- Millwrights and industrial mechanics
- Heavy duty equipment mechanics
- Heavy equipment operators
- Truck drivers

Mining

Highest demand:

- Truck drivers
- Heavy equipment operators
- Heavy duty equipment mechanics
- Millwrights

Challenges raised by employers:

- Competition
- Lack of housing
- Wages (ECEs, PSWs)
- Lack of skilled candidates
- Having to hire less qualified candidates
- Turnover
- Impact on staff and clients/students)

Strategies in place or being considered:

- Reducing workforce (technology, restructuring)
- Recruitment incentives for staff (community)
- Connect with educational institutions
- Offer perks (flexible schedules, vacation time, remote work).
- Adapting where possible to improve attraction and retention.

TOTAL LABOUR FORCE 15+

Change in the Total Labour Force, by Age, by Gender 2016 to 2021

Between 2016 and 2021 every CFDC region within the FNETB's catchment area experienced overall decreases of its population 15+ with the exception of Kirkland Lake where the population remained the same.

The only population increases are observed in the 55+ cohort

According to Statistics Canada, the labour force is the civilian population aged 15 and older who were employed or unemployed during the survey reference week.

INDIGENOUS LABOUR FORCE 15+

Change in the Total Indigenous Labour Force by Age, by Gender 2016 to 2021

Census data is subjected to a confidentiality procedure known as random rounding to prevent the possibility of associating statistical data with any identifiable individual. Under this method, all figures, including totals and detail, are randomly rounded either up or down to a multiple of "5", and in some cases "10". The random rounding technique provides strong protection against direct, residual or negative disclosure, without adding significant error to the Census data.

EDUCATIONAL ATTAINMENT - LABOUR FORCE 15+

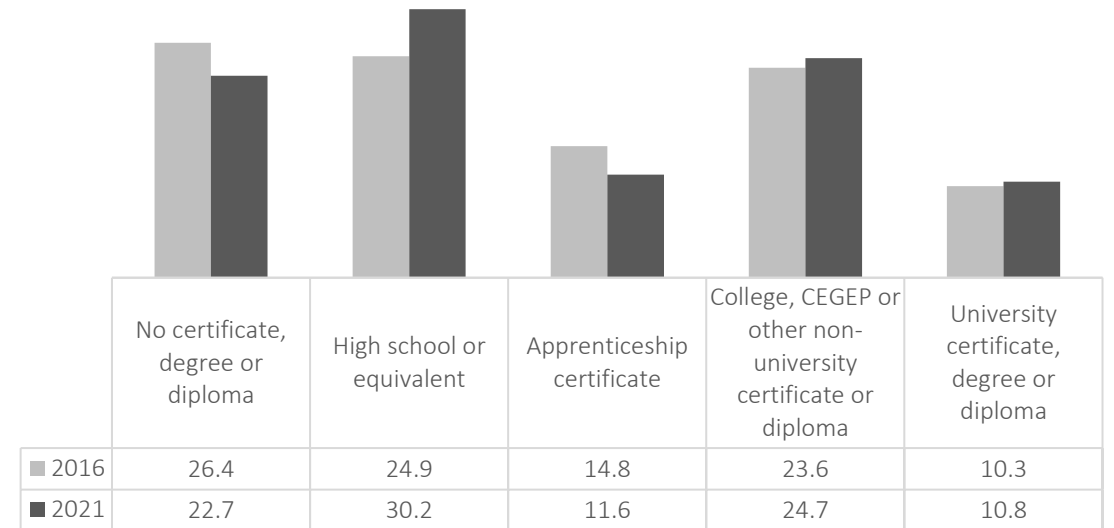

Change in Educational Attainment Levels, Women, Timmins 2016-2021

Between 2016 and 2021, educational attainment levels improved for women except in the category of those with an apprenticeship or trades certificate or diploma where we see a decrease.

The data further shows a significantly lower percentage of women with an apprenticeship or trades certificate or diploma compared to men.

Change in Educational Attainment Levels, Men, Timmins 2016-2021

Between 2016 and 2021 educational attainment levels for men in the Timmins region improved in all categories except for those with apprenticeship or trades certificate or diploma where we see a decrease of -3.2% during that period

The most significant change is in the percentage of men with high school or equivalent which increased by 5.3%.

EDUCATIONAL ATTAINMENT LEVELS - LABOUR FORCE 15+

Data from the 2021 Census indicates that compared to the province, across the region for the total population 15+:

- there is a high percentage with no certificate degree or diploma.
- a higher percentage with apprenticeship or trades certificate or diploma (except the Wakenagun region)
- a higher percentage with college, CEGEP or other non university education,
- A lower percentage with university as its highest educational attainment level.

Educational Attainment Levels, by Gender, by Age and by CFDC, 2021

OVER TO YOU

Based on the summary data that we just looked at on the labour market demand and supply in the Timmins region:

1. How does this summary reflect what you know of or what you observe within your organization, network or community?
2. How does it confirm or help to confirm priorities for programs and services within your organization/your community?
3. What additional information would you need to inform your training and employment planning decisions?

**THANK
YOU!**

MERCI!
